Overview: Q Notes combines two well-known and powerful methods: SQ3R and Cornell Notes. I call it "Q Notes" because you can only write Q-uestions in the left-hand margin; when you prepare for a Q-quiz, the Q-uestions serve as CUES to remind you what you must know. When using these notes to study, fold the **right-edge** of the paper over so that it lines up with the dotted line. You should then only be able to see your questions in the Q-column. Use these to Q-quiz yourself.

Directions: Turn the titles, subheadings, and topic sentences into questions in this column.

- List/highlight key vocab.
- Write at least one question per red section that can be answered in notes →

Directions: In this area, you write the answers to the questions. Use bullets and dashes to help organize your ideas. Also, use symbols and abbreviations to help you take notes more efficiently.
