

STAR POWER – Debriefing

answer the following questions on your own paper

- ◆ The rules of the game make it unfair, so that the triangles had an advantage. Did the triangles use their power to make the game more or less fair? How did they increase their power?
 - ◆ In this game the rich got richer and the poor got poorer. Is it that way in real life? Explain.
 - ◆ Do you think it is okay for the rich to get richer and the poor to get poorer? Why or why not?
 - ◆ In real life do some people start out with more gold chips than everyone else? Explain.
- 

Debriefing questions continued

- If one part of society is powerless against an unfair system, is revolution justified? Explain.
- What rules should the triangles have made if they wanted to stay in power forever?
- “Absolute power corrupts absolutely.” Explain to what degree the star power experience supported or invalidated the above quote.

Last question!!

- Complete the metaphor:
 - Power is a _____
